"Greetings"

We are celebrating Flower Sunday at our worship service June 27th. This is a special tradition of our church. Your flowers represent people for whom you are concerned for or whom you are appreciative. The flowers are given to express many feelings in our lives; love and joy, encouragement, friendship and sympathy. When you are invited forward with your flowers come in a spirit of prayer, knowing that Christ is taking your concern and/or appreciation for another upon himself. An usher will take your flower and place them on the large cross. The transformation of the cross from the symbol of death to a symbol of life is very moving.

During the Morning Service for July 4th the children from VBS will present the story of Joseph in Egypt. We will celebrate Holy Communion during both the Chapel and the Morning services. The Chapel service for that Sunday will continue in our study of the Book of Revelation.

Join us for these Sundays.

Your pastor and friend,
Greg King

News from
the Missionary Health Service
February 2010 trip to Honduras.

For several years now our church through Mission Outreach has worked with this Medical group, originally developed out of the Springfield/Dayton area, in sponsoring two Honduran students for higher education beyond what the government provides. This Missionary Medical group mentors and guides this Scholarship student program, along with the medical services they provide to these villages .

Twice a year, in February and September they bring together a team of medical staff that travels to Honduras for a three week stay. Five Physicians, two Dentists, a Nurse Midwife, Pediatric Nurse, and three general Nurses, a Medical Lab Assistant, a Dental Hygienist, an Engineer and some special helpers provide a connection to better health care and better education and living.

Their Mission statement is: "I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me." - Matthew 25:40

By the numbers - Medically they:

Treated 1,283 medical patients
936 received parasite medication
742 Medical lab test were performed
3,555 Prescriptions were filled

25 pap smears were done.
269 Dental patients were seen, with
338 extractions, 58 exams and 18 restorations done.
And 42 teeth cleanings were given

The team met with mayors, teachers, and other leaders of the villages. They also met with every Scholarship student, discussing expectations and encouraging them in their studies. They have a total of 40 students in the program this year. Two recent graduates expressed their gratitude for their opportunity to be in the program. They mentioned the difference it has made in job opportunities to them. Instead of working in the fields they now have a job in an air conditioned office! One former student also returned to the village to speak to the current students. Rubin, who went on to University in San Pedro Sula is now a teacher.

Here at the church we have photos of our students and their classmates along with letters of thanks written by the students posted on the bulletin board. Also see the full newsletter that the Missionary Health Services group has sent, for more stories of how lives are changing for the better in Honduras through their work and faith.

**Sharing The Good News
In Germany**

Asking for prayers for Jamie and I during our trip to Berlin Germany. We depart on 6 July and return home 20 July. We are teaching children English and creating loving relationships as Christians. We hope to share the Good News when it's convenient with our congregation. We are traveling with Hope Church (same as Zambia trip) and supporting Mission to the World. By the way, the church in Zambia was just dedicated and pictures of the robes are still being proudly worn by our Zambian brothers and sisters. —Jacque Fisher
